

# VINYL GUARD™ golf

Ultimate renewal and protection  
for fiberglass golf equipment

[vinylguardgolf.com](http://vinylguardgolf.com)

## IT'S NEW..... HOT PINK VINYL GUARD\*

For ½ inch Regulation Flagsticks  
**The Ladies Will Love It!**

Dress up your golf course for Fund Raisers, Breast Cancer Awareness and Ladies Days

- Quick and easy to apply and remove
- Great to use on old flagsticks
- A box of 250 feet will cover 30 flagsticks - \$75.00

### HOW TO SHRINK

- Slide a length of VinylGuard over the shaft.
- Hold the heat gun 3" to 4" away from the material to prevent burning.
- **SLOWLY** begin shrinking: Rotate the shaft while moving the heat gun back and forth. Apply sufficient heat to remove any wrinkles. The vinyl will quickly shrink and conform to the shape of the underlying material.
- After shrinking, trim the excess vinyl with a sharp blade or utility knife and apply a little heat to remove any wrinkles.

Order FS-5000 and specify **HOT PINK**

\* Patent Pending

### WHAT'S BEING SAID.....

"That is a great idea. Our annual Breast Cancer tournament is the biggest event of the year for the ladies outside of their Member/Guest tourney. This sounds like a huge hit."

*Tony Girardi, CGCS Rockrimmon CC, Stamford, CT*

"The product is one of the best that I have seen in years. The Pink Flagsticks will be a smash hit for our ladies. We are currently coating some old flagsticks this week and are going to order a set of white flags with Hot Pink embroidery with our club logo and "Play for Pink" on the flags. I really feel that all of the clubs in the Metro NY area would have great success with this product."

*Brian Benedict, The Seawane Club, Hewlett NY*

"I can imagine the reaction from the ladies upon seeing pink flagsticks. Nice touch."

*Peter McCormick, TurfNet*
